POST OFFICE SALE OF
ARMY FOOD BEGINS ON
MONDAY AUGUST 18ACTING POSTMASTER GULICH GETS
READY TO DON GROCERS BIB TO
HELP REDUCE COST OF LIVING

PRICES PUBLISHED HEREWITH

The distribution to the consumers of the army food surplus in an effort to combat the high cost of living will be begun in Clearfield next Monday, August 18th. That is to say orders will be accepted for the different articles allotted to Clearfield beginning Monday. Under the plan lists of goods to be sold may be secured from mail carriers or by calling at the post-office.

We publish herewith a statement from Acting Postmaster Gulich concerning same, which will be of interest to all who contemplate purchasing some of these supplies. It follows:—

Beginning Aug. 18, 1919, the U. S. Government will place on sale certain surplus foodstuffs now on hand at the several military depots. This sale will continue until the quantities of each item allotted to Clearfield Post-office are exhausted.

In order to secure the best results it is advisable to have the supplies as evenly distributed to the individual patrons of the office as possible.

The plan for ordering and distrib-

ing the supplies is as follows: Blanks can be secured from the city or rural carriers and at the postoffice. Patrons will then fill out their order, showing the cost of each item and the parcel post cost of delivery, which must be added to the cost of the goods. After all orders are taken, they will be forwarded to the Zone Surplus Property office at Philadelphia where they will be filled and mailed by parcel post to the local office for distribution. All supplies will be shipped in case lots which will require the sorting and filling of all orders after their arrival.

Cash in advance covering the cost of the goods and the parcel post rate will be required at the time your order is placed.

In case of a shortage on any article which might become exhausted before your order can be filled, the amount will be refunded.

Articles which are spoiled or unfit for use will be made good upon application to the postmaster.

Following is the list:

8 DIED IN EACH 1,000 U. S. MEN
IN BATTLE

WASHINGTON, Aug. 13.—Of the enlisted men who fought in the American expeditionary forces in France, 8 out of every 1,000 was killed in battle or died of wounds. The battle deaths among emergency commissioned officers was 11 in each 1,000, and among officers of the Regular Army, 14 in each 1,000, the War Department announced.

Deaths were far higher in the Infantry than in any other branch of the service. In each 1,000 enlisted Infantry men there were 270 killed or wounded. Among each 1,000 in the Signal Corps the casualties were 50 in each 1,000; in the Engineer Corps, 43; in the Tank Corps, 33; in the artillery, 33, and in the Air Service, 2.

Among each 1,000 commissioned officers of infantry there were 330 killed or wounded; Tank Corps officers, 82; Air Service, 57; Engineer Corps, 52; artillery, 47; Signal Corps, 23.

"The battle death rates among graduates of the Military Academy were greater in both the higher and lower ranks than they were in the corresponding ranks among officers of the Regular Army who were not graduates of the academy," says the department.

SIX CENT VERDICT
FOR FORD IN HIS
TRIBUNE SUIT

MT. CLEMENS, Mich., Aug. 15.—Henry Ford, multi-millionaire automobile manufacturer, was awarded damages to the extent of six cents in his suit for \$1,000,000 against the Chicago Tribune for publication of an editorial headed "Ford is an Anarchist."

A jury in Judge Pepper's court returned the verdict tonight after deliberating eleven hours and twenty minutes.

The suit against Solomon's News company, co-defendant in the suit, was dismissed on instruction of Judge Pepper, who held that the news company acted as distributing agent only and circulated the copies of the Tribune without knowledge of its contents.

Ford based his suit on an editorial published in the Tribune on June 23, 1916, under the caption "Ford is an Anarchist." The editorial attacked Ford's alleged pacifism, stressing his pre-war anti-preparedness activity and his reported opposition to an American invasion of Mexico.

Hearing of the case first set forth for Chicago, Ford's attorneys succeeded in securing a change of venue and the case was placed in the Michigan court.

For the past three months the legal fight was waged without a let-up. Attorneys for the defense attempted to show that Ford interfered with governmental activities and that contrary to reports he had refused to give returned militiamen their former positions in his factory. Witnesses for the plaintiff testified that there men were not only re-employed on their return, but that their families, in many instances, were provided for by Ford during their time in service.

During the last few weeks of the legal struggle, the fight centered upon the definition of the word anarchist. In his charge to the jury Judge Pepper read no less than 13 definitions of the word. He told the jury then that the Tribune was at liberty to criticize a man of Ford's standing, but at the same time he pointed out that certain uses of the word "anarchist" were libelous.

GETTING READY FOR BIG
CROWDS IN OLD HOME WEEK

Everything is shaping up rapidly to take care of the large crowd of visitors who will throng our town during the week of August 25 to 30, when the Old Home Week, Firemen's Convention and Red Men's Reunion will be celebrated. The different committees are lining up everything in good shape and will be ready long before the first visitor arrives.—Houtzdale Citizen.

A record hard to beat is that of Mrs. E. H. Miller, wife of a farmer of Verona, Texas, who put up 1200 cans of fruit and vegetables this season.

SOMERSAULT CHAIR TO CURE
ILLS

WAUKEGAN, ILL., Aug. 14.—If your blood circulation needs stimulating or your digestive organs are out of order or if you are afflicted with fainting spells or if you would like to add a rosy tint to those pallid cheeks, Henry J. and Bernard Backman will sell you one of their latest inventions—the somersaulting chair—a sure cure for all of the above ailments.

The brothers say several physicians have tested the chair and endorsed it. The real purpose of the somersaulting chair is to shake up organs not functioning properly. The patient, after being securely strapped into the chair, turns a small crank attached to an arm rest, starting the chair somersaulting. The chair is said to be perfectly balanced with three speeds, regulated by pressure on the crank.

FEDERAL AGENTS HUNTING HOARDERS
OF FOODSTUFF IN NEW YORK CITY

By RALPH F. COUCH

United Press Staff Correspondent

WASHINGTON, August 15.—Search for the owners of more than fifty million dollars worth of hoarded foodstuffs stored in New York City storage houses was begun today by federal officials working under the Federal Trade Board. Adrian S. Busick, chairman of the Board of Review of the Federal Trade Commission and Lewis S. Bond, another member of the Trade Commission are investigating. As soon as the hoarders are discovered and forced to disgorge their stored products on the market the investigators will start work in another city. Officials say a ring of hoarders are operating in New York City and that profiteering to a larger extent is done in New York than in any other city in the nation.

STATE FAIR CHANGES

Secretary of Agriculture Frederick Rasmussen today met members of the executive committee of the State Fair Association and outlined the plan under which State aid would be allowed county fairs for strictly agricultural exhibits. Under a law passed by last Legislature, supervision of the State aid to county fair associations is placed in the hands of the Secretary of Agriculture and \$100,000 was appropriated for the purpose. The law limits payments for exhibits of livestock and livestock products, horticultural products, cereals, bees and bee products. The Legislature also passed an appropriation of \$63,016.88 to reimburse counties for money advanced to agricultural associations for the years 1915, 1916 and 1918. Secretary Rasmussen explained to the fair association men that he did not want to interfere with their present premium lists, but that needle work and other premiums which had formerly been classed in with the agricultural show would not be included further. The Secretary outlined a report that must be mailed not later than November 15 to the Department of Agriculture showing the actual amount expended for agricultural premiums and other records made by the fair for the year. Secretary Rasmussen says that it is the desire of the agricultural department to help build up the exhibits of farm products so as to educate the producers to the value of greater effort in both the quality and quantity of farm products. "The county fair is the barometer of the community to determine the quality of its products or the spirit of the people," says Rasmussen.

BALL PLAYER BROKE ANKLE

Rightfielder Vail of the Phillipsburg team suffered a painful accident at the park last evening. In sliding into second base in the seventh inning of the game between Phillipsburg and Jimmy DeHart's New Bethlehem team Vail's spikes caught the stake to which the base was attached and snapped the bones in his ankle. The fracture is a compound one and will end Vail's ball playing for this season.

AFTER MANY YEARS

Fenwick McCloud, a resident of Clearfield, has received a check from the Government for fifteen dollars, and a letter which stated that the amount was due his father for services rendered fifty-three years ago, while he was chaplain in the army. Mr. McCloud's father has been dead 41 years. There is nothing like making final payments, even if it requires more than half a century.

PITTSBURGH TIED
UP BY ILLEGAL
TROLLEY STRIKE

PITTSBURGH, Aug. 15.—Refusing the award of the National War Labor Board, 3000 union motormen and conductors of the Pittsburgh Street Railways Company walked out last night, paralyzing the entire electric transportation system of the Pittsburgh industrial district. Despite the protests of their leaders the men voted almost unanimously to reject the award of the Labor Board which gave them an increase of six cents per hour. Still further, in spite of the receipt of a telegram from W. D. Mahon, International President of the Carmen's Union with which they are affiliated, saying the strike was unconstitutional and would not have the support of the parent organization the car workers declared that they will remain idle until their demands are met. President Mahon is expected to arrive here today to go into the situation with the men in an effort to get them to return to work. The strike affects virtually all the electric lines of the district; the Pittsburgh Street Railways Company, the lines to Washington and Charleroi, and it is expected that it will spread today to the Beaver Valley Traction Company.

This is the second time in four months that this city has been seized in the grip of a trolley men's strike and business is being carried on at a terrific handicap.

Entered at Post Office at Clearfield, Pa., as second class matter.

It looks as though Uncle Sam was going to run a cash and carry plan on the sale of foodstuffs. Mr. Gulich, acting postmaster, says that he does not have any authority to add to his parcel post force to take care of the additional burden and that if foods are ordered in any quantity by Clearfield people it will be necessary to have them call at the office for their purchases.

The Ford jury evidently believed that you could not spoil a bad egg to any appreciable extent so they assuaged the feelings of Mr. Ford by a verdict of six cents. At the outset it was ridiculous to charge Mr. Ford with being an anarchist. He is a peace at an price pacifist and that, in our mind, is worse than any bearded bomb thrower. A pacifist is an idealist who lacks the moral will power which completes and rounds out a perfect man.

Incidentally we believe that Mr. Ford brought his libel suit for the advertising he would get out of it and if that was his game we admire him for it. Simultaneously with the beginning of the trial the Ford publicity bureau set up a shop at Mt. Clemens to grind out boiler plate news in column style which was offered to any newspaper in the country which was hard up enough for news to accept free propaganda for printing as legitimate news. Needless to say the news was colored with a substance which would hardly pass a pure brain food test. And it was surprising how many papers swallowed the dope in this community. In some cases it was thoughtlessness in others simply a following out of the rule of printing anything offered for nothing, and more regrettable still in some instances it was the outcome of a sympathy with Mr. Ford's socialistic ideas.

We shall soon see how many Clearfield people are honest in their desire to lower the cost of their table supplies. The sales of army food through the post office will, we believe strengthen our suspicion that the average man and woman refers to kick about prices rather than walk a square to get an article a penny or two pennies cheaper. If the post office here is unable to make deliveries of the food purchases we venture to predict that the average fellow will prefer to go on kicking.

Comb Sage Tea Into Gray Hair

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

PRIMARY ELECTION INFORMATION

The primary election will be held on Tuesday, September 16th, 1919.

The last day for filing nomination certificates with the County Commissioners is Tuesday, August 19th.

The primary law provides that petitions for nomination for all borough or township offices must contain the signatures of at least ten electors or voters of the district wherein the candidate resides. The affidavit of the candidate must be attached to the petition.

Blank nominating petitions can be secured from the Commissioners and, in no case can a candidate get his name printed on the primary ballot except he comply with the primary law as stated.

Therefore all candidates for local, borough or township offices must secure these blanks and have them signed, properly sworn to and filed with the County Commissioners before August 19th to secure a place on the primary ballot.

In some instances local caucuses have been held and names suggested this list of names sent to the borough or township offices and missionaries. This will not do, as in each case such lists must be returned and the proper procedure gone thru.

Get your primary petitions, have at least ten voters sign, each have the proper affidavit made before a Justice of the Peace or Notary Public and then file same at the County Commissioners' office and the names of such candidates will be printed on the primary ballot. That is the law and must be obeyed. We have no other option in the matter.

Under new legislation the above rule applies to DuBois City.

By order of
The County Commissioners.

We are authorized to announce the name of M. L. Farrell, of Clearfield, as a candidate for the office of County Commissioner, subject to the action of the Democratic primary election.

P. O. address, Clearfield, Pa.
I lacked 38 votes the last canvass I made.

I'M OUT FOR COMMISSIONER

Last time I needed only 80 votes to make it. This year I am asking you for your vote as one of the 80, at the Republican Primaries, Sept. 16th.

HARRY L. JONES,
Clearfield, Pa.

We are authorized to announce the name of Frank Kerr, of Madera as a candidate for the office of County Commissioner, subject to the action of the Republican primary election. P. O. address, Madera, Pa.

We are authorized to announce the name of William H. Womer as a candidate for the office of County Commissioner subject to the rules of the Democratic party at the coming primary.

P. O. address, Clearfield, Pa.

We are authorized to announce the name of T. R. Wiener, of DuBois, as a candidate for the office of County Commissioner, subject to the action of the Republican primary election. P. O. address, DuBois, Pa.

We are hereby authorized to announce the name of Joseph Pickering of Clearfield borough, as a candidate for the office of County Commissioner, subject to the rules of the Republican party at the primaries Wednesday, September 17th, 1919.

TO THE VOTERS OF CLEARFIELD COUNTY:

I wish to state that I am a candidate for re-election to the office of County Commissioner on the Democratic ticket.

I do not expect to be able to make a general canvass of the County, as the duties of the office require practically all my time in Clearfield, and don't feel that I should neglect my official duties to the extent required to make a general canvass.

I thank all who contributed to my nomination and election four years ago and solicit the vote and hearty cooperation of the Democratic voters at the coming primaries.

AUSTIN HANEY.

We are authorized to announce the name of M. F. Graham, of Clearfield borough, as a candidate for County Commissioner, subject to the action of the Republican primary election. P. O. Address Clearfield. j9-eod-p

Dress Warm And Keep Feet Dry

Tells Rheumatism Sufferers to Take
Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

Lucky Number Sale Tomorrow

Every 33rd Sale Is Returned To You HERE'S HOW IT WORKS

You come to the store to take advantage of the various specials that we have prepared for our Saturday shopping. Starting with Number One the sales will be numbered from then up as long as there are customers come to the stores.

Ever THIRTY-THIRD customer will have the amount of their purchase returned to them, no matter how much or how little that purchase may be. It may be a five cent purchase or it may be a five dollar purchase. You'll get tickets the same way as you did when we gave away the electric irons. Every THIRTY-THIRD ticket will be plainly marked so that all you have to do is present the ticket to the cashier or the salesperson who waits on you and they will refund your money without a question and with a smile.

If you're the THIRTY-THIRD, the SIXTY-SIXTH, or the NINETY-NINTH and so on you will get your money back and have that much more toward lowering the cost of living.

The Means of Saving You A Useless
Trip To Your Store

Beginning on Monday, August 18th, and continuing there-
from all Clearfield Stores will be closed every evening at FIVE P. M. with the exception
of SATURDAYS when we will close our stores promptly at 9 P. M.

We are doing this to make the working conditions of our
employees as pleasant as possible and we feel that you will use every effort to co-oper-
ate with us to the fullest extent of your ability. We feel that with the shorter work-
ing hours our employees will give you better service; that we, ourselves, by having more
leisure hours will be enabled to make our stores livelier, better places to shop.

This movement puts Clearfield in line with other progress-
ive towns in the state and nation. That's what we want. We want this to be a better
town to trade in as well as to live in.

An Important Message From Our Shoe Section In Regard To Our August Clearance Prices.

If we have been harping on the greater-than-usual significance of the prices we have placed on our low shoes for this August Clearance, it is because we have thoroughly understood the real situation for a long time. Saving opportunities abound and the prices are unusual even in the height of summer, are lower than they will be next season. Purchasing has been brisk and up to expectations; so we suggest that you take special pains to get here tomorrow before the run of sizes is entirely broken.

Less Frequent Carburetor Adjustments When You Use Atlantic

ATLANTIC GASOLINE is uniform. It has a range of performance that equalizes the humid air of the lowlands; the cold, dry air of the higher altitudes; the sultry atmosphere of summer, and the chisely blasts of winter.

Once your carburetor is set for the season, you need not change it. The range of Atlantic will more than take care of the varying driving conditions.

And this is not merely a figment of the imagination, either. Atlantic Gasoline actually does compensate for the regularities of climate and temperature.

Use Atlantic Gasoline and banish the carburetor nuisance. Use it all season and see.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Yesterday afternoon The Progress representative, through the courtesy of H. L. Connelly, one of the contractors who repaired the Bloom bridge, was taken in an auto up the river to see what had been done to the structure. A new and substantial floor has been put down and some other minor repairs made and today this bridge stands in the ranks as the best and strongest iron bridge in the county. All the work that was done is first class, there will be no doubt but what the county commissioners will relieve the contractors from further responsibility without hesitation. Mr. Connelly wishes to inform the traveling public that this bridge will be thrown open for travel on Friday.

Sam Price, who was arrested the other day and held in the lockup until Ohio officers arrived and took charge of him, has had some worldly experiences since he left the parental roof to look out for himself. The officers took him back to Ohio yesterday. We were informed that he had been arrested about a year ago for committing burglary in Cleveland, and convicted on the charge and sentenced to a term in the Mansfield penitentiary. After being in that institution for a short time, he conceived the idea of passing off as demented. He was then removed to an insane asylum at Lima, Ohio, from which institution he escaped in the spring and since that time has been traveling from place to place keeping the Ohio people guessing as to his whereabouts. He is 22 years of age, and his hobby is religion.

The Progress representative has been requested by a number of the Methodist folks to give a short synopsis of the early history of that church, and the names of the ministers from the beginning down to the present time. The manuscript is being compiled now and the article will appear in The Progress at an early date.

W. P. Tate was in town yesterday for a short time. He informed the writer that he spent all of last week attending the camp meeting at Mahaffey and he considered it the greatest religious gathering that he ever had the pleasure of attending.

The home of Mr. and Mrs. Scott McFadden was a place of entertainment and joy yesterday afternoon when thirty-five members of Mrs. McFadden's Sunday school class gave her a genuine birthday surprise party. She had no idea that anything was afoot until the crowd invaded her home. The afternoon was spent in a pleasant manner and as the sun hid itself behind the mountain tops refreshments were served. As darkness fell the happy convoy of classmates departed wishing their hostess many happy years of life.

Mrs. Mary Wright, who is training for a professional nurse at the Maple avenue hospital, DuBois, is home for her vacation and will spend most of her outing with her parents Mr. and Mrs. James C. Wright, South Filbert street.

Samuel Cruickshank, one of the doughboys who helped to drive the Huns out of Belgium and France and who has been employed at the finishing tannery since his return from the army, has resigned his position in one of the shipping crews, and will go to Warren, Ohio, on Sunday.

Mr. and Mrs. George Fleming will leave Curwensville on Saturday for Alexandria, Huntingdon county, where they will spend a week or more visiting with relatives.

Blackberries have dropped a notch in price within the past few days. The fore part of the week pickers asked fifteen cents per quart for them but yesterday the price dropped down to twelve.

Phil Read, a doughboy who served over the seas, and who was released from army service several months ago, will leave for Philadelphia Sunday where he expects to secure a lucrative position.

Harry Smith, who has been in the Clearfield hospital for several weeks and underwent an operation on one of his legs, is reported as getting along nicely and will soon be able to be brought to his home.

Rev. Bergerstock and wife, who have been visitors in the home of Mr. and Mrs. George Daugherty for several weeks, left Wednesday for their home in Maryland.

Moses Norris, one of the up to date farmers of Pike township, will have a bumper crop of corn this year.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Have Bladder trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, and soothe bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

POST OFFICE SALE OF ARMY FOOD BEGINS ON MONDAY AUGUST 18

ACTING POSTMASTER GULICH GETS
READY TO DON GROCERS BIB TO
HELP REDUCE COST OF LIVING

PRICES PUBLISHED HEREWITH

The distribution to the consumers of the army food surplus in an effort to combat the high cost of living will be begun in Clearfield next Monday, August 18th. That is to say orders will be accepted for the different articles allotted to Clearfield beginning Monday. Under the plan lists of goods to be sold may be secured from mail carriers or by calling at the post-office.

We publish herewith a statement from Acting Postmaster Gulich concerning same, which will be of interest to all who contemplate purchasing some of these supplies. It follows:—

Beginning Aug. 18, 1919, the U. S. Government will place on sale certain surplus foodstuffs now on hand at the several military depots. This sale will continue until the quantities of each item allotted to Clearfield Post-office are exhausted.

In order to secure the best results it is advisable to have the supplies as evenly distributed to the individual patrons of the office as possible.

The plan for ordering and distrib-

ing the supplies is as follows: Blanks can be secured from the city or rural carriers and at the postoffice. Patrons will then fill out their order, showing the cost of each item and the parcel post cost of delivery, which must be added to the cost of the goods. After all orders are taken, they will be forwarded to the Zone Surplus Property office at Philadelphia where they will be filled and mailed by parcel post to the local office for distribution. All supplies will be shipped in case lots which will require the sorting and filling of all orders after their arrival.

Cash in advance covering the cost of the goods and the parcel post rate will be required at the time your order is placed.

In case of a shortage on any article which might become exhausted before your order can be filled, the amount will be refunded.

Articles which are spoiled or unfit for use will be made good upon application to the postmaster.

8 DIED IN EACH 1,000 U. S. MEN
IN BATTLE

WASHINGTON, Aug. 13.—Of the enlisted men who fought in the American expeditionary forces in France, 8 out of every 1,000 was killed in battle or died of wounds. The battle deaths among emergency commissioned officers was 11 in each 1,000, and among officers of the Regular Army, 14 in each 1,000, the War Department announced.

Deaths were far higher in the Infantry than in any other branch of the service. In each 1,000 enlisted Infantry men there were 270 killed or wounded. Among each 1,000 in the Signal Corps the casualties were 50 in each 1,000; in the Engineer Corps, 43; in the Tank Corps, 33; in the artillery, 33, and in the Air Service, 2.

Among each 1,000 commissioned officers of infantry there were 330 killed or wounded; Tank Corps officers, 82; Air Service, 57; Engineer Corps, 52; artillery, 47; Signal Corps, 23.

"The battle death rates among graduates of the Military Academy were greater in both the higher and lower ranks than they were in the corresponding ranks among officers of the Regular Army who were not graduates of the academy," says the department.

SIX CENT VERDICT FOR FORD IN HIS TRIBUNE SUIT

MT. CLEMENS, Mich., Aug. 15.—Henry Ford, multi-millionaire automobile manufacturer, was awarded damages to the extent of six cents in his suit for \$1,000,000 against the Chicago Tribune for publication of an editorial headed "Ford is an Anarchist."

A jury in Judge Pepper's court returned the verdict tonight after deliberating eleven hours and twenty minutes.

The suit against Solomon's News company, co-defendant in the suit, was dismissed on instruction of Judge Pepper, who held that the news company acted as distributing agent only and circulated the copies of the Tribune without knowledge of its contents.

Ford based his suit on an editorial published in the Tribune on June 23, 1916, under the caption "Ford is an Anarchist." The editorial attacked Ford's alleged pacifism, stressing his pre-war anti-preparedness activity and his reported opposition to an American invasion of Mexico.

Hearing of the case first set forth for Chicago, Ford's attorneys succeeded in securing a change of venue and the case was placed in the Michigan court.

For the past three months the legal fight was waged without a let-up. Attorneys for the defense attempted to show that Ford interfered with governmental activities and that contrary to reports he had refused to give returned militiamen their former positions in his factory. Witnesses for the plaintiff testified that there men were not only re-employed on their return, but that their families, in many instances, were provided for by Ford during their time in service.

During the last few weeks of the legal struggle, the fight centered upon the definition of the word anarchist. In his charge to the jury Judge Pepper read no less than 13 definitions of the word. He told the jury then that the Tribune was at liberty to criticize a man of Ford's standing, but at the same time he pointed out that certain uses of the word "anarchist" were libelous.

GETTING READY FOR BIG
CROWDS IN OLD HOME WEEK

Everything is shaping up rapidly to take care of the large crowd of visitors who will throng our town during the week of August 25 to 30, when the Old Home Week, Firemen's Convention and Red Men's Reunion will be celebrated. SOMERSAULT CHAIR TO CURE
ILLS

WAUKEGAN, ILL., Aug. 14.—If your blood circulation needs stimulating or your digestive organs are out of order or if you are afflicted with fainting spells or if you would like to add a rosy tint to those pallid cheeks, Henry J. and Bernard Backman will sell you one of their latest inventions—the somersaulting chair—a sure cure for all of the above ailments.

The brothers say several physicians have tested the chair and endorsed it. The real purpose of the somersaulting chair is to shake up organs not functioning properly. The patient, after being securely strapped into the chair, turns a small crank attached to an arm rest, starting the chair somersaulting. The chair is said to be perfectly balanced with three speeds, regulated by pressure on the crank.

PITTSBURG TIED UP BY ILLEGAL TROLLEY STRIKE

PITTSBURGH, Aug. 15.—Refusing the award of the National War Labor Board, 3000 union motormen and conductors of the Pittsburgh Street Railways Company walked out last night, paralyzing the entire electric transportation system of the Pittsburgh industrial district. Despite the protests of their leaders the men voted almost unanimously to reject the award of the Labor Board which gave them an increase of six cents per hour. Still further, in spite of the receipt of a telegram from W. D. Mahon, International President of the Carman's Union with which they are affiliated, saying the strike was unconstitutional and would not have the support of the parent organization the car workers declared that they will remain idle until their demands are met. President Mahon is expected to arrive here today to go into the situation with the men in an effort to get them to return to work. The strike affects virtually all the electric lines of the district; the Pittsburgh Street Railways Company, the lines to Washington and Charleroi, and it is expected that it will spread today to the Beaver Valley Traction Company.

This is the second time in four months that this city has been seized in the grip of a trolley men's strike and business is being carried on at a terrific handicap.

PRICE REDUCTION MILL GRINDING SLOWLY BUT SURELY TO RESULTS FEDERAL AGENTS HUNTING HOARDERS OF FOODSTUFF IN NEW YORK CITY

By RALPH F. COUCH

United Press Staff Correspondent

WASHINGTON, August 15.—Search for the owners of more than fifty million dollars worth of hoarded foodstuffs stored in New York City storage houses was begun today by federal officials working under the Federal Trade Board. Adrian S. Busick, chairman of the Board of Review of the Federal Trade Commission and Lewis S. Bond, another member of the Trade Commission are investigating. As soon as the hoarders are discovered and forced to disgorge their stored products on the market the investigators will start work in another city. Officials say a ring of hoarders are operating in New York City and that profiteering to a larger extent is done in New York than in any other city in the nation.

STATE FAIR CHANGES

Secretary of Agriculture Frederick Rasmussen today met members of the executive committee of the State Fair Association and outlined the plan under which State aid would be allowed county fairs for strictly agricultural exhibits. Under a law passed by last Legislature, supervision of the State aid to county fair associations is placed in the hands of the Secretary of Agriculture and \$100,000 was appropriated for the purpose. The law limits payments for exhibits of livestock and livestock products, horticultural products, cereals, bees and bee products. The Legislature also passed an appropriation of \$63,016.88 to reimburse counties for money advanced to agricultural associations for the years 1915, 1916 and 1918. Secretary Rasmussen explained to the fair association men that he did not want to interfere with their present premium lists, but that needle work and other premiums which had formerly been classed in with the agricultural show would not be included further. The Secretary outlined a report that must be mailed not later than November 15 to the Department of Agriculture showing the actual amount expended for agricultural premiums and other records made by the fair for the year. Secretary Rasmussen says that it is the desire of the agricultural department to help build up the exhibits of farm products so as to educate the producers to the value of greater effort in both the quality and quantity of farm products. "The county fair is the barometer of the community to determine the quality of its products or the spirit of the people," says Rasmussen.

BALL PLAYER BROKE ANKLE

Rightfielder Vail of the Philipsburg team suffered a painful accident at the park last evening. In sliding into second base in the seventh inning of the game between Philipsburg and Jimmy DeHart's New Bethlehem team Vail's spikes caught the stake to which the base was attached and snapped the bones in his ankle. The fracture is a compound one and will end Vail's ball playing for this season.

AFTER MANY YEARS

Entered at Post Office at Clearfield, Pa., as second class matter.

It looks as though Uncle Sam was going to run a cash and carry plan on the sale of foodstuffs. Mr. Gulich, acting postmaster, says that he does not have any authority to add to his parcel post force to take care of the additional burden and that if foods are ordered in any quantity by Clearfield people it will be necessary to have them call at the office for their purchases.

The Ford jury evidently believed that you could not spoil a bad egg to any appreciable extent so they assuaged the feelings of Mr. Ford by a verdict of six cents. At the outset it was ridiculous to charge Mr. Ford with being an anarchist. He is a peace at an price pacifist and that, in our mind, is worse than any bearded bomb thrower. A pacifist is an idealist who lacks the moral will power which completes and rounds out a perfect man.

Incidentally we believe that Mr. Ford brought his libel suit for the advertising he would get out of it and if that was his game we admire him for it. Simultaneously with the beginning of the trial the Ford publicity bureau set up a shop at Mt. Clemens to grind out boiler plate news in column style which was offered to any newspaper in the country which was hard up enough for news to accept free propaganda for printing as legitimate news. Needless to say the news was colored with a substance which would hardly pass a pure brain food test. And it was surprising how many papers swallowed the dope in this community. In some cases it was thoughtlessness in others simply a following out of the rule of printing anything offered for nothing, and more regrettable still in some instances it was the outcome of a sympathy with Mr. Ford's socialistic ideas.

We shall soon see how many Clearfield people are honest in their desire to lower the cost of their table supplies. The sales of army food through the post office will, we believe strengthen our suspicion that the average man and woman refers to kick about prices rather than walk a square to get an article a penny or two pennies cheaper. If the post office here is unable to make deliveries of the food purchases we venture to predict that the average fellow will prefer to go on kicking.

Comb Sage Tea Into Gray Hair

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

PRIMARY ELECTION INFORMATION

The primary election will be held on Tuesday, September 16th, 1919.

The last day for filing nomination certificates with the County Commissioners is Tuesday, August 19th.

The primary law provides that petitions for nomination for all borough or township offices must contain the signatures of at least ten electors or voters of the district wherein the candidate resides. The affidavit of the candidate must be attached to the petition.

Blank nominating petitions can be secured from the Commissioners and, in no case can a candidate get his name printed on the primary ballot except he comply with the primary law as stated.

Therefore all candidates for local, borough or township offices must secure these blanks and have them signed, properly sworn to and filed with the County Commissioners before August 19th to secure a place on the primary ballot.

In some instances local caucuses have been held and names suggested this list of names sent to the borough or township offices and missionaries. This will not do, as in each case such lists must be returned and the proper procedure gone thru.

Get your primary petitions, have at least ten voters sign, each have the proper affidavit made before a Justice of the Peace or Notary Public and then file same at the County Commissioners' office and the names of such candidates will be printed on the primary ballot. That is the law and must be obeyed. We have no other option in the matter.

Under new legislation the above rule applies to DuBois City.

By order of
The County Commissioners.

TO THE VOTERS OF CLEARFIELD COUNTY:

I wish to state that I am a candidate for re-election to the office of County Commissioner on the Democratic ticket.

I do not expect to be able to make a general canvass of the County, as the duties of the office require practically all my time in Clearfield, and don't feel that I should neglect my official duties to the extent required to make a general canvass.

I thank all who contributed to my nomination and election four years ago and solicit the vote and hearty cooperation of the Democratic voters at the coming primaries.

AUSTIN HANEY.

We are authorized to announce the name of M. F. Graham, of Clearfield borough, as a candidate for County Commissioner, subject to the action of the Republican primary election. P. O. Address Clearfield. j9-eod-p

Dress Warm And Keep Feet Dry

Tells Rheumatism Sufferers to Take
Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

Lucky Number Sale

**Tomorrow
Every 33rd Sale Is
Returned To You
HERE'S HOW IT WORKS**

You come to the store to take advantage of the various specials that we have prepared for our Saturday shopping. Starting with Number One the sales will be numbered from then up as long as there are customers come to the stores.

Ever THIRTY-THIRD customer will have the amount of their purchase returned to them, no matter how much or how little that purchase may be. It may be a five cent purchase or it may be a five dollar purchase. You'll get tickets the same way as you did when we gave away the electric irons. Every THIRTY-THIRD ticket will be plainly marked so that all you have to do is present the ticket to the cashier or the salesperson who waits on you and they will refund your money without a question and with a smile.

If you're the THIRTY-THIRD, the SIXTY-SIXTH, or the NINETY-NINTH and so on you will get your money back and have that much more toward lowering the cost of living.

The Means of Saving You A Useless
Trip To Your Store

Beginning on Monday, August 18th, and continuing there-
from all Clearfield Stores will be closed every evening at FIVE P. M. with the exception
of SATURDAYS when we will close our stores promptly at 9 P. M.

We are doing this to make the working conditions of our
employees as pleasant as possible and we feel that you will use every effort to co-oper-
ate with us to the fullest extent of your ability. We feel that with the shorter work-
ing hours our employees will give you better service; that we, ourselves, by having more
leisure hours will be enabled to make our stores livelier, better places to shop.

This movement puts Clearfield in line with other progress-
ive towns in the state and nation. That's what we want. We want this to be a better
town to trade in as well as to live in.

An Important Message From Our Shoe Section In Regard To Our August Clearance Prices.

If we have been harping on the greater-than-usual significance of the prices we have placed on our low shoes for this August Clearance, it is because we have thoroughly understood the real situation for a long time. Saving opportunities abound and the prices are unusual even in the height of summer, are lower than they will be next season. Purchasing has been brisk and up to expectations; so we suggest that you take special pains to get here tomorrow before the run of sizes is entirely broken.

Less Frequent Carburetor Adjustments When You Use Atlantic

ATLANTIC GASOLINE is uniform. It has a range of performance that equalizes the humid air of the lowlands; the cold, dry air of the higher altitudes; the sultry atmosphere of summer, and the chisely blasts of winter.

Once your carburetor is set for the season, you need not change it. The range of Atlantic will more than take care of the varying driving conditions.

And this is not merely a figment of the imagination, either. Atlantic Gasoline actually does compensate for the regularities of climate and temperature.

Use Atlantic Gasoline and banish the carburetor nuisance. Use it all season and see.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Yesterday afternoon The Progress representative, through the courtesy of H. L. Connelly, one of the contractors who repaired the Bloom bridge, was taken in an auto up the river to see what had been done to the structure. A new and substantial floor has been put down and some other minor repairs made and today this bridge stands in the ranks as the best and strongest iron bridge in the county. All the work that was done is first class, there will be no doubt but what the county commissioners will relieve the contractors from further responsibility without hesitation. Mr. Connelly wishes to inform the traveling public that this bridge will be thrown open for travel on Friday.

Sam Price, who was arrested the other day and held in the lockup until Ohio officers arrived and took charge of him, has had some worldly experiences since he left the parental roof to look out for himself. The officers took him back to Ohio yesterday. We were informed that he had been arrested about a year ago for committing burglary in Cleveland, and convicted on the charge and sentenced to a term in the Mansfield penitentiary. After being in that institution for a short time, he conceived the idea of passing off as demented. He was then removed to an insane asylum at Lima, Ohio, from which institution he escaped in the spring and since that time has been traveling from place to place keeping the Ohio people guessing as to his whereabouts. He is 22 years of age, and his hobby is religion.

The Progress representative has been requested by a number of the Methodist folks to give a short synopsis of the early history of that church, and the names of the ministers from the beginning down to the present time. The manuscript is being compiled now and the article will appear in The Progress at an early date.

W. P. Tate was in town yesterday for a short time. He informed the writer that he spent all of last week attending the camp meeting at Mahaffey and he considered it the greatest religious gathering that he ever had the pleasure of attending.

The home of Mr. and Mrs. Scott McFadden was a place of entertainment and joy yesterday afternoon when thirty-five members of Mrs. McFadden's Sunday school class gave her a genuine birthday surprise party. She had no idea that anything was afoot until the crowd invaded her home. The afternoon was spent in a pleasant manner and as the sun hid itself behind the mountain tops refreshments were served. As darkness fell the happy convoy of classmates departed wishing their hostess many happy years of life.

Mrs. Mary Wright, who is training for a professional nurse at the Maple avenue hospital, DuBois, is home for her vacation and will spend most of her outing with her parents Mr. and Mrs. James C. Wright, South Filbert street.

Samuel Cruickshank, one of the doughboys who helped to drive the Huns out of Belgium and France and who has been employed at the finishing tannery since his return from the army, has resigned his position in one of the shipping crews, and will go to Warren, Ohio, on Sunday.

Mr. and Mrs. George Fleming will leave Curwensville on Saturday for Alexandria, Huntington county, where they will spend a week or more visiting with relatives.

Blackberries have dropped a notch in price within the past few days. The fore part of the week pickers asked fifteen cents per quart for them but yesterday the price dropped down to twelve.

Phil Read, a doughboy who served over the seas, and who was released from army service several months ago, will leave for Philadelphia Sunday where he expects to secure a lucrative position.

Harry Smith, who has been in the Clearfield hospital for several weeks and underwent an operation on one of his legs, is reported as getting along nicely and will soon be able to be brought to his home.

Rev. Bergerstock and wife, who have been visitors in the home of Mr. and Mrs. George Daugherty for several weeks, left Wednesday for their home in Maryland.

Moses Norris, one of the up to date farmers of Pike township, will have a bumper crop of corn this year.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or have Bladder trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, and soothe bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
